Class Actions

- START/STOP CLASS - Start or end your class
- CLASS CODE - Code for joining your class at student.blocksi.net
- HEADS UP - Send a full-screen "pay attention" message to students and blocks all web access for a selected period of time
- SHARE/ENFORCE - Push one or more websites to students, or restrict them to specific URLs — with *Allow Related Webpages* or *Strict Enforce* options
- MESSAGE ALL - Send a message to all students at once
- ASSESSMENT - Lock students to a quiz, assessment, or LMS environment, blocking all other sites and searches during testing
- SHARE SCREEN - Cast your screen to student devices — *Strict Mode* prevents minimizing or closing, *Loose Mode* allows minimizing only
- CONFERENCE - Start a video conference with students
- CLASS NOTES - Start recording for an AI-generated class summary

George Washington (February 22, 1732 – December 14, 1799) was an American Founding Father, military officer, and politician who served as the first president of the United States from 1789 to 1797. Appointed by the Second Continental Congress as commander of the Continental Army in 1775, Washington led Patriot forces to victory in the American Revolutionary War and then served as president of the Constitutional Convention in 1787, which drafted and ratified the Constitution of the United States and established the U.S. federal government. Washington has thus been known as the "Father of his Country".

Watch the Class Scheduler tutorial

To create a weekly scheduler, follow these steps:

1. Choose between templates A and B, or create a custom template
2. Create the template by specifying the hours and dates for each day of the week
3. Once the template is created, you can add classes or events accordingly
4. Modify the hours and dates as needed to fit your schedule
5. Plus, check for templates, shared by the admin, under "Shared Templates"
